What:

Article for The Best Colorado Springs Hikes guidebook

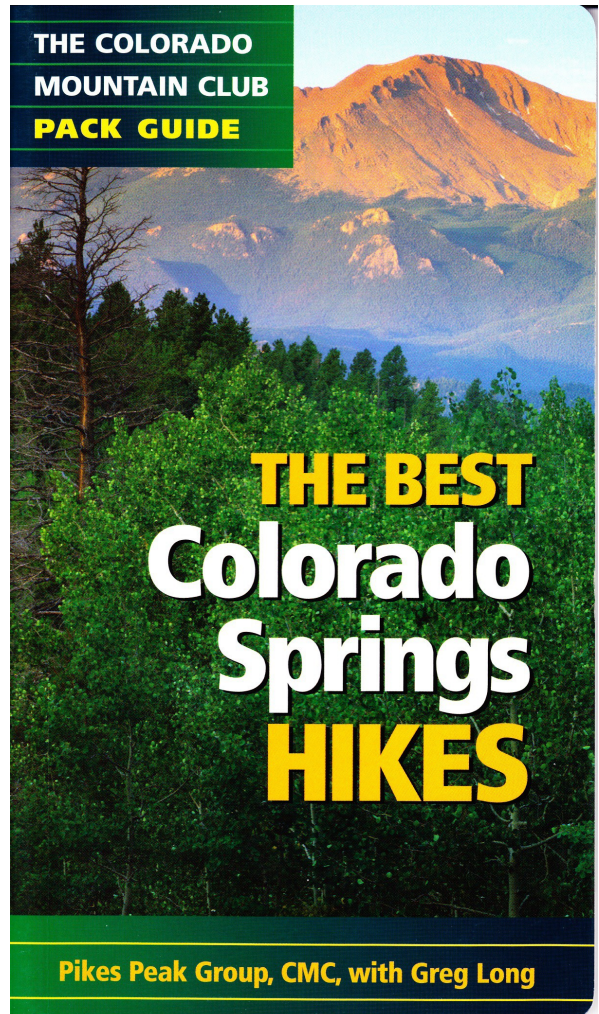

When:

August 2008

Highlights:

The Colorado Mountain Club Press began a series of “Best Of” guidebooks highlighting the major metropolitan areas in Colorado. One of the books in this series was *The Best Colorado Springs Hikes*. They needed experienced local hikers to put together trail directions and descriptions, take photos, and create maps.

- ⊕ Conducted extensive research on a 5.6 mile trail and wrote trail description detailing directions, landmarks, trail conditions and cautions.
- ⊕ Used Garmin handheld GPS to map trail, then created a detailed topographic trail map using Garmin and DeLorme mapping software.
- ⊕ Took dozens of professional-quality photos using a Canon EOS Digital Rebel XT 8.0-Megapixel Digital SLR Camera to illustrate the beauty and landmarks of the hike.
